

## GOOD THINGS HAPPEN WHEN YOU CO-OPERATE.

Experience delivers results –CSA has a long and successful record of structuring innovative partnerships with physicians and hospitals. Together, we properly align joint outpatient surgery center ventures to satisfy interests, strengthen relationships and achieve long-term success across the board.

CSA is a leading operator of outpatient surgery centers. Over the past 20 years we have developed 21 surgery centers and counting, including 11 hospital joint ventures, and have partnered with more than 500 surgeons and physicians.

CSA is establishing a new Surgery-Center operating standard: Co-Operating. We help physicians, hospital systems, surgery centers and patients interact more effectively and efficiently than ever before. We call it Co-Operating for Better Outcomes – and it works better for everybody.

### A Team of Seasoned Experts at Your Service to Help Improve Results at Every Turn

Constitution Surgery Alliance clients can rely on our experienced specialists to help them throughout their outpatient surgery center journey. From conception and planning, to construction, project management and day-to-day operations, we have the professionals you need to Co-Operate for Better Outcomes.
